**THE DEADLINE FOR ALL NEW HAMPSHIRE TIDAL MOORING PERMITS
AND WAITLIST APPLICATIONS IS MARCH 1ST**

The Division of Ports and Harbors reminds boaters that re-applications for existing tidal mooring permits and mooring waitlists were mailed January 2, 2007. Holders of mooring permits and persons currently on the mooring waitlists should look for their applications and contact this office if they are not received. **Completed applications must be received at the Division Office, with all necessary documentation and fees, no later than the close of business, March 1st.** There is a late filing period of five (5) business days (close of business, March 8th) during which “completed” applications may be submitted with a \$50.00 late filing fee.

When submitting the vessel registration, all 2007 vessel registration forms must have the box marked “tidal” checked off as this is a requirement.

Waitlist applicants will note that there is now a “nearshore” category in each waitlist area. The nearshore area is that area from the mean high water mark to the mean low water mark or 50 feet from the mean high water mark, whichever is greater. This will allow small boat owners another option that the Division hopes will streamline the waitlist process.

The New Hampshire Code of Administrative Rules governing the “Mooring and Waitlists” Part 500, can be found on the Division web sit at www.portofnh.org.

The Division permits over 1,600 moorings in the tidal waters of the State of New Hampshire, including the Isles of Shoals, with over 500 persons on the waitlist for mooring locations.

Please contact the Division Office at (603) 436-8500, if you have any questions about the process.
