

Press Release

For Immediate Release August 12, 2008

On Wednesday, August 20, 2008 at 8:00 a.m. a public informational meeting will be held at the:

First Floor Conference Room
Pease Development Authority
360 Corporate Drive
Portsmouth, NH 03801

The purpose of this meeting is to gather information from the general aviation community with respect to the type of uses, services and facilities it would like to see developed at the Portsmouth International Airport at Pease.

Aviation Management Consulting Group "AMCG", who specializes in general aviation operations, has been selected as PDA's consultant to review current airport operations and facilities. Airport officials along with a representative from AMCG will be on hand to provide a brief overview and take public comment.

If you cannot attend this meeting but would like to participate, please feel free to provide written comments and your contact information to the Pease Development Authority, attention K. W. Hopper, Airport Manager.
