Skybus to begin New Flights out of Portsmouth to FL and NC

Boarding starts in December and January --Many flights already sold out

(Portsmouth, NH) In the first month of the New Year, Portsmouth International Airport (PSM) will triple the number of flights it offers on Skybus Airlines, adding Florida and North Carolina as non-stop destinations.

Flights from PSM to Punta Gorda/Fort Myers and St. Augustine/Daytona Beach will begin on December 17, while planes to Greensboro, NC will take off starting January 15, 2008. Currently, Skybus offers two flights per day from Portsmouth to its hub Columbus, Ohio.

Since taking to the skies last May, Skybus has designated only two cities for direct flights – Portsmouth and Greensboro. All other flights to Skybus’ seventeen destinations across the country go through Columbus.
